Ayer's Pills
Are the Best
Unlike other cathartics, the effect
of Ayer's Pills is to strengthen
the rectory organs and restore to
them their normal and healthy
condition. Doctors everywhere
recommend them. In spite of immense
competition, they have always
retained their popularity as a family
medicine, being in greater demand
than ever before. They put up
both in vials and boxes, and whether
for home use or travel, Ayer's Pills
are preferable to any other. Have
you ever tried them?

ADVANCING ON SUKIN

THE HAND THAT PULLED THE WIRES
Member of Parliament gives some
history of the Le Caron, the spy
London, Nov. 4.—There can be no doubt
that Thomas Joseph, alias Henri Le Caron,
a man who has been playing a most
important part in the recent history of
the French Government, is a considerable
number of years, and although that
fact is not a sufficient reason for
taking it upon himself to do so.

TO ATTACK AHOMY.
Continued French Victories in the Land
of the Khazars.
PARIS, Nov. 4.—Col. Digna, commanding
the French forces operating against the
Dahomeyans, has telegraphed details of the
fighting that took place on Oct. 29 and 31.
The French forces, numbering 2000 men,
were attacked at Akia by the whole strength
of the Dahomeyans.

THE DOCTOR FORBIDS IT.
London, Nov. 4.—Mr. Gladstone has
been advised by his medical advisers to
avoid any exertion, and to remain in bed.
He has been advised to avoid any exertion,
and to remain in bed.

bodies of 10 persons, French and British.

WOMAN SUFFRAGE.
A Bill to be Introduced in the House
of Commons.
LONDON, Nov. 4.—The House of
Commons will introduce a bill to give
the vote to women, which is expected to
pass.

NEWFOUNDLAND FISHERIES.
The French Government Issues Another
Yellow Book on the Subject.
PARIS, Nov. 4.—A yellow book on the
subject of the fisheries of Newfoundland
and England has been issued. It is a
very important document, and is expected
to be of great value.

KILLED THE BABIES.
Seven Dead Infants Found on an
Australian Ship.
SYDNEY, N.S.W., Nov. 4.—A great
amount of attention has been directed to
the case of the ship "The Mervin," which
was found to have carried seven dead
infants.

A FORTUNE IN A PUZZLE

The above is a picture of our greatest explorer, and in it can be traced the face of two wild animals. Any one can readily find the face of the elephant, but it is difficult to distinguish the two animals.

The proprietors of STANLEY'S PRIZE IN CLOTH will give an elegant UPRIGHT PIANO valued at \$300, to the first person who make out the elephant and giraffe; to the second person will be given \$100 in GOLD; to the third an elegant GOLD WATCH; to the

COLD. Every competitor must cut out above picture and outline with a led pencil the forms of the two animals, and enclose—annals
15 U.S. two-cent stamps or 10 three-cent
Canadian stamps for one sample bottle of the
leading prize remedies "STANLEY'S PINK
HONEY BALM," "STANLEY'S PRIZE CURE
FOR RHOEUMATISM," "STANLEY'S PRIZE CURE
FOR BRUISES," "STANLEY'S PRIZE CURE FOR
"STANLEY'S PRIZE CURE FOR COLIC," "STANLEY'S
DIARRHOEA AND CHOLERA-MORBI," or "STAN-
LEY'S PRIZE CURE FOR CATARRH." Send
any one of the above remedies or as many
you desire, by enclosing *one* for each one.

The first will be awarded the **Prize of Merit** to the person giving the last correct answer will be given a giant **GOLD WATCH**; to the next to the last a handsome **SILVER WATCH**; to the second to the last a handsome **CLOCK**; to the third to the last a handsome **GOLD**; and to the next to the last **\$5 IN GOLD**. We shall also award 100 **EXTRA FLEUMS** (should the many send in answers). The names of the leading prize winners will be listed in the U.S. and Canada. The ob-

place our Medicines in the hands of the sufferers. This **GREAT AND ONLY POSITIVE REMEDY CURE** has cost the proprietors enormous amount of money, the ingredients are of the finest quality, where others are secured with great difficulty. It is purely herbaceous, and put up in two pounds, one to be used externally and the internally. Our **OTHER REMEDIES** are equally valuable. As to the reliability of our Company we refer you to any leading wholesale druggist Detroit, and will also furnish you with names and addresses of parties who have

merit and with perfect satisfaction. Noch is made for premiums in any way, they are **absolutely given away** to introduce and add our **Medicines**, which we are bound to do, for less of expense. Medicine is sent by mail, paid and duty free. When you answer this **ture puzzle**, please mention this paper. A.

FRUITS OF THE N. P.

Opponents of the Government are no longer able to sneer at the N. P. as a source of no help to the farmer. The facts brought out by the trade returns point too conclusively in the other direction. In the first place, the prevailing tariff has cut off a considerable volume of the competition which came from the United States in the days when Sir Richard Outright argued that it was useless to talk about legislating in the interest of Canadian agriculture. A comparison of our imports in respect of a few staples gives the following results:

	1891	1892
Barley.....	127,344	192,000
Oats.....	1,100,000	1,100,000
Wheat.....	1,100,000	1,100,000
Flour.....	1,100,000	1,100,000
Meat.....	1,100,000	1,100,000

To this should be added the figures in relation to the meat trade, but they are not at hand for the moment. In round numbers, however, it is estimated that whereas millions of pounds of pork and beef came from the United States under the old scale of duties, our imports of these articles are now but a quarter of what they were. The first result of the tariff is that it has been to the farmer the home market and having got that, he has been able to produce a surplus for export. Within three years the export trade of Canada has increased by \$20,000,000, and that almost wholly in farm products. The result of the tariff is that it has been to the farmer the home market and having got that, he has been able to produce a surplus for export. Within three years the export trade of Canada has increased by \$20,000,000, and that almost wholly in farm products.

THE CATTLE TRADE.

It is a matter for general regret that the privilege heretofore enjoyed by Canada of sending live cattle into the British market has been withdrawn, and after the 21st of this month Canadian cattle must be slaughtered at the port of debarkation. This action has been taken by the British Board of Agriculture, because it is believed that pleuro-pneumonia was discovered in some animals landed in Dundee in September last. The evidence on this point is by no means clear, and the measures adopted by the British authorities are more precautionary than desirable. The experts who have examined the lungs of the diseased animals differ as to the nature of the disease which was found; but the doubt was given against us.

Two or three things should be borne clearly in mind at this juncture. In the first place, the scheduling took place at the very close of the exporting season and will cause no serious interference with our live cattle trade at present. In the next place, it is probable that before the opening of the next shipping season, the embargo will be removed. By that time it will be clearly established that pleuro-pneumonia does not exist in Canada and no danger to British herds need be feared. Last, and this is not certain, that the permanent withdrawal of the privilege we have hitherto had in this

respect would be a bad thing. Our trade has been almost wholly made up of the shipment of store cattle; that is, animals in an unsharpened condition and not ready for slaughter. They have been bought by shrewd Scotchmen and Englishmen who have prepared them for the butcher. In doing this, the foreigner has made the greater share of the profit. Having all the facts in mind, it is a serious question whether it would not be a much better thing for our farmers to feed their animals at home and ship them for slaughter at the port of debarkation or in most form. It would mean a radical change in our method of handling this trade, but the more the more of the gross profit would be left at home. There would then be the additional disadvantage of the manner, hides, hoofs and feet, giving rise to industries which are as yet a very small scale in Canada. Out of what looks like a misfortune at first, blessings may come.

REVENUE AND EXPENDITURE.

Two Months Revenue Suspended of Part of the Revenue on Imports.

OTTAWA, Nov. 12.—Hon. Peter White, Speaker of the Commons, left for London on Tuesday morning. He is expected to be in London for several weeks. He is expected to be in London for several weeks. He is expected to be in London for several weeks.

Both of the suspended efforts have been more in the interest of the Government and have both borne good and improved the character for integrity and ability. Great sympathy is felt for them, and it is sincerely to be hoped that they will be able to satisfactorily explain the apparent irregularities in their accounts.

The statement of revenue and expenditure which will appear in The Canada Gazette, will be published for years. In round numbers the revenue for the first six months of the fiscal year ended on the 31st of October last, was \$27,711,000, or about \$1,000,000 more than it was at the close of the fiscal year.

The Canada Gazette to-morrow will contain the following statement: George Isaac Walker of Aylmer, Ont., to be sub-Minister of Finance, and Stewart Edward Martin of Windsor, and Thomas Bernard Gillis of Wallaceburg to be collector of Customs.

Notice is given by the Canadian Pacific Railway Co. that application will be made to Parliament for an act to give effect to the Esplanade agreement and also for an act to give effect to the Esplanade agreement and also for an act to give effect to the Esplanade agreement.

DEMONSTRATION IN HONOR OF MEMORIAL OF "CHICAGO MARTYRS."

American and British anarchists have assembled in London to demonstrate in honor of the memory of the Chicago anarchists. The demonstration was held in the Albert Hall, and was attended by a large number of people.

London, Nov. 12.—The Anarchists of the world have assembled in London to demonstrate in honor of the memory of the Chicago anarchists. The demonstration was held in the Albert Hall, and was attended by a large number of people.

The hall was crowded with men of all nationalities who make up the Anarchists and the extreme social democratic party in this city.

Red flags were hung over the doors and banners were carried. The demonstration was held in the Albert Hall, and was attended by a large number of people.

Comrade Morley, the friend of the Socialist, Mr. William Morris, was the first speaker. He said that the history of the Anarchists was the history of the struggle for the liberation of the human mind.

Comrade Baker, who followed Morley, said that the Anarchists were the only party in the world who were not afraid of the police. He said that the Anarchists were the only party in the world who were not afraid of the police.

THE LUCIFER QUESTION.

At last year the polls a majority of votes

was cast in favor of the Council exercising

their powers by declaring that the number

of retail liquor licenses in this city should

be reduced. Unfortunately the Council

system has been converted by the

Christian Premier of Ontario into a vast

political machine that is worked through

partisan Commissioners to the glory of the

party that is in power, and out of the

question of temperance. Hence, without

pledge from the commissioners as to what

the Council would strike off, the Council

refused to act on the matter, having good

reasons to distrust the Commissioners. There

is no doubt but that the executive arm of

the Council is a curse, and it is from this

knowledge that many ladies have earnestly

opposed the temperance cause.

At the recent meeting of the W.C.T.U.

a string of resolutions was adopted, which

seemed, from their standpoint, to lead to

the direction of temperance. It is to be

regretted that the temperance people were

the first to transgress the spirit of one of

their resolutions, with the result of making

the public to lose faith in their sincerity, as

they have often had to do in the past when

the question narrowed down to a political

question. The number of resolutions which

the city is to do in excess of the require-

ments, as shown in comparison with other

cities, but the danger that the Council has

good reason to fear is that, in the event of

their failure to reduce the number, the

partisan Commissioners will restrict both

the number and the quality of the licenses

issued. It has long been

known that the saloon should go, and as

a kind of excuse for their existence the

Ontario Government has demanded that they

shall have certain powers. It is not a

travelling party. It is understood that

these requirements in many instances are

not forthcoming, and, it is better known,

are not required or used, for how often do

the "rats" run up at saloons, or have their

horses fed at their expense, and then, when

the ladies would appear, the saloon is

closed, and a vote is taken that the ladies

be asked to demand a reduction in the

saloon license, their request would receive

ready compliance, as it is considered on

all sides that the saloon is a nuisance, and

the sooner suppressed the better.

AYER'S

Cherry Pectoral

exactly all similar preparations. It is
entirely free from opium, and is
entirely safe for the most delicate
of the lungs, and is taken usually
in small doses.

For repeated trials in my own family, Ayer's
Cherry Pectoral has proved itself a very efficient
remedy for colds, coughs, and the various
affections of the throat and lungs. W. B. Chas. H. H.

"For the last year I have been taking Ayer's
Cherry Pectoral for my lungs, and am
entirely cured."

Saved My Life

I am indebted to Ayer's Cherry Pectoral for
my life. I was suffering from a severe
cough, and was nearly dead. I took
Ayer's Cherry Pectoral, and in a few
days I was cured. W. B. Chas. H. H.

Nothing Like Them on Earth.

They produce a natural pink color on
the cheeks and lips. The most remarkable
and the most valuable of all the
cosmetics. They are not only
safe, and are certainly not harmful to the
skin, but they are also very
effective in removing all the
blemishes of the face, and in
restoring the natural color of the
skin. W. B. Chas. H. H.

CHOLERA STILL ACTIVE.

New Cases in the North of France, in
Hungary and in Holland.

London, Nov. 17.—A dispatch from
Paris to The Standard says that cases of
cholera are reported from Naples, Cairo,
Alexandria, Constantinople, and elsewhere in
the north of France.

A dispatch from Paris reports that the
disease is spreading in western
Hungary. Twenty-seven persons
died Friday at Arad, and at
Buda-Pest. There are now seven persons
dying at Pest.

Three New Cases.
BUDA PEST, Nov. 17.—Three fresh cases
of cholera and one death from the disease
are registered here yesterday.

Smallpox in Constantinople.
CONSTANTINOPLE, Nov. 17.—Four
cases of smallpox are reported in this city.

EARTHQUAKE SCARE.

Citizens and Also Three Hundred Con-
victs Released in the Open Air.

ROME, Nov. 17.—The inhabitants of the
Island of Ponza are in a state of terror in
consequence of a disastrous
earthquake, which they had pronounced
yesterday and yesterday by heavy rumblings
and the shaking of the earth. The inhabi-
tants, with 300 convicts from the prison,
are encamped in the open air.

Working Up to Trouble Ahead.
VIENNA, Nov. 17.—The recent explosion
in Paris has stirred the Austrian police into
renewed activity against Anarchists and
Socialists.

Restricting Anarchist Papers.
PARIS, Nov. 17.—The Government's bill
providing for the suppression of all
publications which have for their object
the stirring up of civil war, was intro-
duced to the Chamber of Deputies today.

decrease in labor question. He said that the relations that existed between the farmer and the laborer were not the result of deep interest to farmers and they view with apprehension the disagreements which were being made in the interest of the laborer. The speaker then reviewed the results of the recent election and said:

All one order will ask of the new and old order is that the farmer be given the same rights given to other interests be accorded to agriculture. If the producer on the farm is to compete with cheap labor, let the farmer be given the same rights as the laborer. Let the cleaver of free trade be placed upon every protected industry and the farmer be given the same. The farmers have been made accustomed to legislation that is not wholly indifferent to it, and they may at some future time be able to stand upon a more equal basis and prejudice may not be so strong.

MURCHISON LETTER.

The Alleged Writer Now Denies That He Was the Author.

CHICAGO, Nov. 17.—*Mr. W. Murchison*, the alleged writer of the letter which led to the recall of Lord Sackville-West from this country four years ago, was in the city yesterday, and for the first time since the letter was published he consented to talk about it.

"I have been talked about. I have had the finger of scorn pointed at me, and all because someone, whose conduct I shall not stop to characterize, forged my name to a letter written to the British Minister.

"I was never in California in my life, and I never wrote the letter attributed to me.

"I have not publicly denied the letter, because when it was written I was on my farm in Glengarry County, Ontario. I received a paper but not a week. My mother was ill and died, and then I was ill myself.

"The matter had gone so far then that it would have been no good to deny it. Whether the man who wrote that letter was my name by accident or design is more than I know. I never knew Louisville-West; never wrote him a line, nor had personal knowledge of anybody's writing to him."

YORK, Pa., Nov. 17.—John L. Sullivan last evening was billed to appear in the York Opera House in his play "The Man from Boston," and on his arrival at the depot was greeted by a big crowd of people.

Sullivan was beasily drunk. He wanted to be escorted to his hotel, but he found no occupant there in the person of Detective Samuel Wallick.

Sullivan wanted the cab all to himself and commanded the detective to vacate. To this Wallick objected and the prizefighter got in and pulled him out, tore his coat and coat buttons off, and threw away roughly. Wallick then swore out a warrant for Sullivan's arrest, but the fight-

THE RURAL VOTE.

To Claim the Attention of the Socialist Party in Germany.

LONDON, Nov. 17.—The most interesting feature of the Reichstag Congress, says the Berlin correspondent of the Times, is the universal demand for more active propaganda among the rural population of Germany, the number of Socialist seats in Parliament failing to represent the real strength of the party. In the last election only one member of the Russian Duma was ultra-nominees with a smaller aggregate poll, yet 100 seats to the Socialists' 35.

The Socialist voters were massed in the great cities and industrial districts, while the Centreists represent widely scattered agricultural values. It is not surprising therefore that the speakers at the Congress have each sought some pretext or excuse

LONDON, Nov. 17.—The Council of the Imperial Federation League yesterday approved the reform of the committee which proposes the creation of a Federal Council, in which shall sit representatives of Canada, Australasia and South Africa, together with the British Home Minister, the Chancellor of the Exchequer, the Minister of Foreign Affairs, the Minister of the Colonies, the Minister of War, the First Lord of the Admiralty and the Secretary of State for India.

This council shall fix the contributions each part of the empire shall pay towards the common defence. The report declared that an electoral principle of federation is the only sound basis for dealing with

Letters of the Late Mrs. Hodson.

THE FIRST—JULY 1892.

Through the kindness of the Charles Tupper we are sending many special places that are open to the general public, and this is one of them. All these places are well guarded. To get through a lot of people and to get into the places, and to get out of them at every step. It is not a simple matter to get through a lot of people and to get out of them at every step. It is not a simple matter to get through a lot of people and to get out of them at every step.

There are 15,000 people in the city, and 15,000 people in the city. There are 15,000 people in the city, and 15,000 people in the city. There are 15,000 people in the city, and 15,000 people in the city. There are 15,000 people in the city, and 15,000 people in the city.

We also visited the telegraph and post offices which were intensely interesting. The latter in particular. I was allowed to use the bag for New Zealand and also one for the Northwest. They showed us the King's mail, which includes the Bellamy, Coburn, Napue, Pison, etc., etc. Saw a post card to Mr. D. O. O., on which was a picture of the "E. R. of the INTELLIGENCER."

Mr. J. took it up. There were no others which we knew personally, but lots of names of all the people in the city. It was very familiar, as it was quite like a glimpse of home. They were all kind and obliging that we enjoyed our stay immensely.

We visited the City Hall and viewed all the Wesleyan memorials. The church is in excellent condition, as is the house of the junior pastor, which is the house in which Mr. Wesley lived. He lived in the house in which Mr. Wesley lived. He lived in the house in which Mr. Wesley lived.

At the head of the stairs is his clock, a tall grandfather's clock, which is still marking out the days and hours. In his bedroom is his book case and secretary. The latter reaches almost to the ceiling and is a handsome piece of furniture.

In the hall of the doors are portraits of pictures of his friends, but numbers of them have been stolen by tourists. We next visited Wesley's church, and all in his pulpit, in which Mr. H. has an invitation to preach. John Wesley is buried behind the chapel, and across the road is a large cemetery, crowded with tombstones and graves. Here we saw the graves of Boyan, Watt, Sweeney, Wesley and many other notable in history. Here is a handsome monument, erected by children, to the memory of Daniel Miller, the author of Robinson Crusoe. Some of the inscriptions are most amusing. One was to the memory of a man who was killed by a horse. It said: "He was killed by a horse."

He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse. He was killed by a horse.

Social & Personal Mrs. Carey Nash will sing at a concert to-night at Guelph. Miss L. M. Daly, of London, who sings in Bridge St. Church, is coming to the city the guest of Miss May Frodo.

When Baby was sick, we gave her Castoria. When she became firm, she gave her Castoria. When she had children, she gave them Castoria.

Barbaric Concerts. The concert held last night in the Bazaar hall was a distinct success. The ladies and gentlemen took part. Miss Lena Mackie, Adeline Nicholson and Katie Bowden, Messrs. J. N. Doyle, W. Strawn, W. E. Dempsey, E. McHugh and T. F. Lynch. There will be a change of programme this evening. Mr. J. N. Doyle will sing again and Miss Hattie Lander will play a violin solo. Admission free. Donations and offers served in the gallery.

City Council.

A lengthy session, but little business transacted.

A regular meeting was held last night. Present: Mayor Rogers, Mr. Shaville, Gordon, Lumsden, Walmsley, Lingham, Taylor, Grier, H. Gibson, Mikel and Doyle. The mayor of the last meeting were read and discussed.

From A. McLaughlin, relative to a plan of sewerage.

From the City Surveyor, stating that he had visited the Gilmour company at Toronto, and saw the lumber which that company intended to ship to the city in paravents of the lumber entered into between the city and company. The lumber was not of the best material and was of various quality. He had told them not to ship it.

The report of the Treasurer for the month of October, showed that there was a balance on hand of \$48.81.

Reports were presented from the Executive Committee, recommending the payment of a number of accounts.

The petition of the W.O.T.U. for the admission of the gas main to the hospital was recommended.

The Market Committee recommended that the tender of Foster & Foster for the paving of an alley through the city building, be accepted for \$40. The committee also recommended that the walk on the north side of the market building be put in a proper state of repair. It was recommended, also, that the pump on the market square be removed, and a stone flag placed over it.

Public Works Committee recommended the payment of accounts, as did also the Water and Gas Committee.

The Council went into committee of the whole. Ald. Graham moved that the report of the Executive Committee be read.

The petition of the W. G. T. U. for the extension of the gas main to the hospital, and the placing of a gas lamp at the entrance to the hospital, was discussed.

The Market Committee's report was adopted without discussion.

BELLVILLE, THURSDAY NOV. 24

AN IMMIGRATION POLICY.

The appointment of Mr. Daly to the Dominion Cabinet has awakened a deep and genuine interest in the matter of an immigration policy. From the tone of the Canadian press, prospective of party, it is easy to see that what is termed "a vigorous policy" would command little or no popular approval. This is a healthy sign, in that it shows change from the unpopularity and pessimistic course of measuring the exodus and parading grossly exaggerated facts in that respect before the world. Whatever measure is necessary for the protection of commerce and the general well-being of society, it must be applied to every man who looks about him, with his eyes wide open and his judgment in fair play, that the supreme need of this country is population. Let any man take a map of the Dominion and study it for a reasonable time, in the light of the last census returns, and he will discover that we have all those natural and other conditions which are capable of sustaining a population of fifty million people more than we have now. The Northwest, with its millions of acres of the finest land in the world, and immeasurable capacity for receiving and maintaining a very large population, is but sparsely settled. Fifty million acres of first class land are still to be had for nothing, and fifty million more may be had for a merely nominal price.

It has for years been a cheap and plausible thing for the Liberals to say that, having all those favorable conditions, the policy of the Government was to blame for our relatively low rate of immigration. Such a cry, however, became positively absurd in the face of what we now go on across the line. For fifteen years the average immigration into this country has been 250,000 persons per annum. Yet in that country a very much higher rate of protection prevailed, and their land laws were not so liberal as ours. The conditions of life on American farms were, in some respects, inferior to those prevailing in Canada. This being true, it is pertinent to ask: Why, then, did 250,000 persons go to the United States, while but 30,000 came here? The answer is to be found in the grasp, the nature of those people who have formed the bulk of American immigration. The Germans, the Swedes, the Norwegians and Europeans in general have formed the mainstay of the immigration in the western States, and to these there are drawn every year increasing numbers from the old land. In other words, a very large proportion of the people who have arrived in the United States during the past fifteen or twenty years have come at the direct invitation, and in most instances by the help, of their friends already on the spot.

But it was inevitable from the outset that there would come a time when the capacity of the Western States to absorb this population, would be taxed. It is of infinite importance to us just now to realize that that time has arrived. There are no longer any good lands to be had at low figures. So for some years past there has been a growing feeling in the United States against immigration. The thousands who flock in every year are causing congestion, as well as economic disorders of a complicated and serious character. Last year saw the beginning of a real famine movement, which is bound to swell in volume and intensity. Thousands of farmers who had tried the poor lands of Dakota crossed over to the Canadian North West, and to stable friends they are now sending one after another accounts of their losses and prospects. Such facts suffice to arouse the attention of immigration literature. At the same time, communities are being formed on the western plains which will draw to them an annually increasing number of friends from the old world. The history of the settlement of the western States is bound to be repeated on the side of the line. What is wanted to ensure the success of this movement, is a united feeling of patriotism on the part of the Canadian people and a generous policy of helplessness on the part of the Government. If the policy of the Government were to fully recognize the enormous effects of constantly exaggerating our drawbacks, and being silent with respect to our marvelous ad-

Advantages, they would assuredly make a change; and in the meantime of the people and the influx of a desirable immigration, they would realize the fruits of the new policy.

THE FOOTBALL FIELD

Yale and Princeton Play To Their Hearts on the Field.

New York, Nov. 24.—Princeton and Yale were ready for the football battle to-day. The game was played on the field at Yale, the students after some delay that the game would not be played, as the weather was so cold. BEAUTY IN THE LIP.

Some Savages Have Unusually on Lips.

Among the Indians, who dwell to the north of the Columbia river, a large number of the women have a peculiar mark on the lips, which is a small, dark, triangular spot, which is a mark of beauty. This mark is a small, dark, triangular spot, which is a mark of beauty. This mark is a small, dark, triangular spot, which is a mark of beauty.

TOURNEY TO DEFINE "HAPPINESS."

Wanting nothing and knowing it.

The mental satisfaction of content.

A "well-to-do" way which eludes us even when we grasp it.

Excelsior! The over-representing summit on the hill of our ambition.

The prize at the top of a greasy pole which is continually slipping from one's grasp.

The only thing a man continues to search for after he has found it.

The ball eye on a target at which all the human race are shooting.

The goal reached for the human race, which each, being heavily handicapped, has to reach by his own efforts.

A bright and beautiful butterfly, which may chase but few captives.

The interest we receive from capital invested in good works.

The birthright of contentment.

A treasure which we search for far and wide, though oftentimes it is lying at our feet.

The summer weather of the mind.

The dancing of the heart to its own music.

London Tri-Bite.

—A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called "Laxative Family Medicine." It is made from the Oregon grape root, combined with other herbs, and is made for use by pouring boiling water into the glass and stirring. It is remarkably efficacious in all cases of constipation, and is now the sovereign remedy for all cases of constipation. Druggists sell the packages at 25c and 50c.

—One Minute Cure for Toothache.

Toothache, the most common and one of the most painful affections, is instantly cured by the application of "Pain Expeller," Polak's Nervine is a combination of the nerves, soothing them and affording an immediate relief from the pain. Polak's Nervine is sold in 10c and 25c bottles by all druggists.

For Young or Old.

Children and adults are equally benefited by the use of Dr. Wood's Great Peppermint Cure. It is a powerful cough remedy, and it stops coughs in one night and may be relied upon for colds, croup, and all other troubles. Price 25c and 50c; for the drug, 10c.

A Complicated Case.

DEAR SIR, I was troubled with biliousness, headache and loss of appetite, and could not rest at night. I was very weak, but after using three bottles of B.B.B. my appetite is good and I am better than I was years past. I would not now be without B.B.B., and am also giving it to my children.

Dr. J. H. Perkins, Creek Centre, Warren Co., N.Y. writes "I have used with success your Peppermint Cure, and I can say that it is a most valuable remedy for all the ailments of the chest and lungs. It is a powerful cough remedy, and it stops coughs in one night and may be relied upon for colds, croup, and all other troubles. Price 25c and 50c; for the drug, 10c."

Chicago claims to have the only bank in the United States composed entirely of letters-carriers.

Among the wealthy classes of Japan it is considered undignified to ride a horse going faster than a snail.

It would be a great injustice to confound the standard bearing agent, "Dr. J. H. Perkins," with the standard bearing agent, "Dr. J. H. Perkins."

They are often mistaken for one another, and it is a great pity that they should be so.

CHAPTER I.

THE NEW OR CHURCH.

The Convert of Annapolis, situated in a secluded spot on the outskirts of Paris, had long been reputed as an educational establishment for ladies of good family. The sisters themselves were of refined tastes and of the most accomplished of their own people, and the atmosphere of the place was such that it was looked upon almost as a certificate of noble birth and unimpeachable orthodoxy. Ladies of the Annapolis had indeed looked upon the place as a sort of refuge from the world, and as a place where they could find a quiet life, and where they could be sure of finding a friend in every one.

Among the wealthy classes of Japan it is considered undignified to ride a horse going faster than a snail.

Many so-called diseases are simply symptoms of Catarrh, such as head-ache, partial deafness, hoarseness, small, thin breath, burning and itching in the nose, gastric troubles, indigestion, etc. If you are troubled with any of these or similar symptoms, you have Catarrh, and should take the first step in procuring a letter of "Bureau Release" to learn the cause of your ailment. It would lead results in Catarrh, followed by consumption and death.

SURPRISE! Slippers! A table loaded

It is strange that some people will suffer
for years from rheumatism rather than try
such an approved standard remedy as Ayer's
Sarsaparilla, and that, too, in spite of the
assurance that it has cured so many others
who were similarly afflicted. Give it a trial.

A sort of Ladies' fine kid lace shoes of-
fered at one dollar a pair at the great sale
now going on at the Fuller store. Some of
these shoes are worth two dollars. A large
lot has been marked down to seventy-five
cents.

1804-5

The Fuller store is again the great
attraction in the shoe line. The stock of the
Ontario shoe factory is being sold off, also
a large stock of ladies' kid button boots,
choice for one dollar and a half. The
former prices were from two and a half to
four dollars. These kid boots are by the
best makers, and perfect goods. 1804-5

When kidneys are clogged, good health
is an impossibility; but when working prop-
erly the reverse is the case. That dull
backache is the kidney's cry for relief. If
Dodd's Kidney Pills are used the result
will be marvelous. We cannot say that
we have never known a case of kidney
disease that a persistent use of Dodd's Kid-
ney Pills will not cure.

A fact which even political economists
are apt to forget is that a manufacturer's
rate of profit is not the only essential ele-
ment to success in the aggregate price at the
end of the year is of far greater importance
and this in most cases is greater out of a
low rate of profit than out of a high rate,
because of the increased business, which
the low price gives rise to. It was on this
principle that Messrs. Tuckett & Son acted
in introducing their new famous "Myrtle
Navy" tobacco, and to this principle they
have ever since adhered. This is one of the
reasons why people of Canada are smoking
the best tobacco which can be produced, at a
disproportionately low price than other people can
buy a similar article.

BURNED TO DEATH

Sad Fate of Mrs. G. D. Rowe
at Trenton.

HER BODY FOUND IN THE HALL.

Narrow Escape of Her Daughter,
Mrs. Wess-Is.

CALLANT RESCUE BY MR. BOOTH

The Rescued Woman in a Danger-
ous Condition.

TRENTON, Nov. 30.—About 3 o'clock
this morning a fire broke out in the block
owned and occupied by Dr. B. Saylor,
grocer. The building was pretty well gut-
ted, and the stock completely destroyed.

The origin of the fire is unknown, but it
is supposed to be the work of an incendiary.

Trenton was made a few weeks ago to
fire the building, which very nearly suc-
ceeded.

The second story of the building was
partly used as a dwelling, the upper part
being the dwelling occupied by Mrs.
G. D. Rowe and her daughter, Mrs.
Wess-Is.

Mrs. Rowe was the first to discover
the fire, and gave the alarm. The
house being then heavily filled with smoke,
a Mr. Grogg went to her assistance, and she
informed him that her daughter was up-
stairs.

COME AND HELP.

get her out. He went up, but only suc-
ceeded in getting near the room when the
smoke overcame him, and he just managed
to crawl out, and meeting a Mr. Booth at
the door, he informed him of the situation.

He made a rush up stairs, and succeeded
in reaching the room in which Mrs. Rowe
and her daughter were. The latter

WAS THEN INJURED.

He caught her by the arm, and telling
Mrs. Rowe to follow him, he succeeded in
dragging her out, but almost overcome
when he got to the door. When he came
to, he could see nothing of Mrs. Rowe.

The engine being promptly on hand and
at work as soon as possible, an attempt was
made to find Mrs. Rowe. When found she
was LYING IN THE UPPER HALL.

It is supposed that after starting to fol-
low Mr. Booth, she had gone into another
room to obtain some clothes, and that she
had fallen down, overcome by the smoke,
and broken the lamp she was carrying, it
settling fire to a bed, and burning the night
dress she had on, after which she man-
aged to crawl as far as the hall.

The daughter is in a very bad condition,
but it is thought will recover.

The building and stock are said to be in-
sured for \$3,000.

THE VICTIM.

Mrs. Rowe was the widow of Major G.
D. Rowe, of the 49th Victoria, who died
in Toronto some months ago. The Major
came on to Trenton, and lived here for
many years and afterwards in Trenton. She
was about 70 years of age.

SERIOUS LOSS.

Dr. Saylor, living east of the station, lost
everything in the fire. The total de-
struction of his barn, drive house, and
shed by fire, which destroyed as well
20 tons of hay, as a large quantity of cattle,
grain and feed, wagon, harness, and
other farming implements. It was
estimated that the loss was about \$10,000.
Since his barn was robbed, for which two
parties were found guilty and sentenced to
the penitentiary.

His loss will exceed \$10,000. Insured in
the Liverpool, London and Globe for \$1000.

PAINFUL AND POTENT.

The great objection to cod liver oil has
been its nauseous taste. This has been an-
ticipated by the process of preparing
Hoffman's Emulsion of Cod Liver Oil,
which is combined with hypophosphites of
lime and soda, the great creator of new
blood in the world. It has cured thousands
of cases of weakness, and is now the most
valuable of all medicines. Everybody is talking of the
wonderful power of this Emulsion. In a
few days, it will be the most popular of all
medicines.

County Council.

The following petitions, etc., were read:

From the Durham and Northumberland
County Council asking the cooperation of
Hastings County in reference to the reduc-
ing the number of the members of the
County Council. Referred to the special
committee on communications.

From the County Council of Ontario
County asking the cooperation of Hastings
County in reference to the application of a
reference to trial sessions for damages which
may arise on account of the non repair of
highways. Referred to the committee of
the whole on communications.

A communication was received from Mr.
R. J. Graham asking that his brother be
sent to the Agricultural College at Guelph
as a county student.

Mr. Jas. Haggerty stated that he intended
to ask that his son be sent as a county
student.

The communication of Mr. Graham was
referred to the committee of the whole on
communications.

The Sula Bros., of Frankford, called
the attention of the Council to a drain near
their mills, which should be repaired, as
the water was backed up land which
could not be utilized. Referred to the
Gravel Roads Committee.

From Hon. Billie Fillet asking pay for
some stone which had been used by the
County surveyor's men, and which belonged
to the applicant. Referred to the Gravel
Roads Committee.

The Grand Jury report of the last ses-
sion was read and referred to the Ways
and Means Committee.

A petition was read from a number
of ratepayers of Tudor and other northern
municipalities, asking the Council to as-
sume the old Hastings road as a County
road. Referred to the Gravel Roads
Committee.

A petition was read asking the Council
to rebuild a bridge over Little Creek, in the
Township of Marston. Referred to the
Ways and Means Committee.

A communication was read from Mr. D.
Boyle, calling the attention of the Council
to the advisability of the mineral resources
of the County, to be exhibited at the World's
Fair. The Council decided to exhibit \$100—
Referred to the Gravel Roads Com-
mittee.

The Warden at the junction of the pro-
ceedings, spoke in reference to the ap-
pointment of County Yards. If it was in-
tended to appoint these officials, it should
be done at this session.

The Council adjourned until 10 o'clock
Wednesday morning.

WEDNESDAY, Nov. 30.

MORNING SESSION.

Council met at 10 a.m., Warden Green in
the chair.

The minutes of Tuesday afternoon ses-
sion were read and confirmed.

Mr. W. R. Aylsworth gave a report of
the amounts due the High Schools of the
County for the maintaining of County
pupils in said schools.

On motion the Council went into com-
mittee on the report of Mr. Aylsworth.

Mr. Vermylen spoke strongly in favor
of having the High School of the city of
Belleville thrown open to the pupils of the
County. The Board of Education of the
city should do so.

Mr. McArthur also spoke in a similar
manner. A large number would attend
the High School in the city if it was thrown
open.

Mr. Hurley stated that he had been in
conversation with some of the members of
the Board of Education of the city, who
spoke favorably of throwing open the High
School in the city, but there was a lack of
room. He had no doubt that if there was
sufficient room the city Board would throw
open the High School. He was in favor of
having this done.

Mr. Dench said that Pictou and Cam-
berland High Schools had been thrown
open to the pupils of the county, and that
pupils that formerly attended the Trenton
school, now attend these schools.

Mr. Dench stated that out of some 6000
candidates who wrote at the last depart-
mental examination, only 2000 were suc-
cessful. It was quite clear that the most at
Trenton, who sat the examination, made
them exceedingly difficult, or the high
schools of the county were doing poor
work.

We may add that the Dr. said, that
only 25 per cent of those who were suc-
cessful in the last year's examination were
successful in the present year's examina-
tion. Forty candidates for second class
were successful in the present year's examina-
tion.

The report showed that the amounts to
be paid by the County each year equivalent
to the localities, given to the various
High Schools should be as follows: De-
scent, \$140; Stirling, \$254.07; Madoc,
\$182.00; Trenton for six months of the
year \$336.64.

Mr. Vermylen asked the County Treas-
urer, Mr. W. W. W. to state the amount
of the Board of Education of Belleville, if
the question of throwing open the High
School of the city had been considered.

Mr. Wills said he would bring the matter
up before the Board.

After some further discussion the report
was adopted.

Mr. Aylsworth stated that Descent had
received a greater sum than was entitled to
for High School purposes, and that Stirling
and Madoc were entitled to a slight
increase.

Moved by Mr. Haggerty, seconded by
Mr. Martin, that the sum of \$40 be deduc-
ed from the grant of \$140 to the Descent
High School, and that the grant to Madoc
High School be increased to \$182.00, and
that of \$187.12, to make up the sum that should
have been paid last year.—Carried.

Haggerty asked why the High Coun-
ty Contable was paid an additional \$100
in services, he did not think warranted
this amount being paid.

Mr. Vermylen said that he was not in a
position to say what the High Contable
should be paid, or if he was paid too much.
The matter was allowed to stand.

It being 12 o'clock, the committee rose,
reported, and asked leave to sit again.

Tenders For Tweed Bridge.

The following tenders were received by
Mr. Jas. Haggerty, chairman of the gravel
roads and bridges committee, for the con-
struction of an iron bridge at Tweed village:
